Baldy's Golden Rules

When a WINNER makes a mistake, he says "I was wrong". When a LOSER makes a mistake, he says "It wasn't my fault".

A WINNER goes through a problem; a LOSER goes around it and never gets past it.

A LOSER is envious of winners and contemptuous of other losers; a WINNER judges others only by how well they live up to their own capabilities, not by some external scale of worldly success.

A WINNER knows when the price of winning comes too high; a LOSER is overly eager to win what he cannot handle or keep.

A WINNER makes every concession he can, short of sacrificing his basic principles; a LOSER is so afraid of making concessions that he hangs on to pride while his principles go down the drain.

A WINNER takes a big problem and separates it into smaller parts so that it can be more easily manipulated; a LOSER takes a lot of the little problems and rolls them together until they are unsolvable.

A WINNER acts the same toward those who can be helpful and those who can be of no help; a LOSER frowns on the powerful and snubs the weak.

A WINNER'S saving grace is the ability to laugh at himself without demeaning himself; a LOSER privately deprecates himself and therefore cannot publicly afford to laugh at himself.

A WINNER feels strong enough to be gentle; a LOSER is never gentle- he is either weak or pettily tyrannical by turns.

A WINNER admits his prejudices and tries to correct for them in making judgements; a LOSER denies his prejudices and thus becomes their lifelong captive.

A WINNER has a healthy appreciation of his abilities and a keen awareness of his limitations; a LOSER is oblivious of both his true abilities and his true limitations.

A LOSER becomes bitter when he's behind and careless when he's ahead; a WINNER keeps his equilibrium no matter which position he happens to find himself in!

DEFENSE:

- Do NOT 'COMMIT' when they move the puck into our zone - let them make the mistakes
- In the Defensive End, move the puck up the boards
- Do Not 'PINCH' inside their Blueline and get caught
- Do Not 'RUSH' the puck into their zone unless you have a clear scoring opportunity
- Get inside their Blueline promptly to help keep the puck in

WINGERS:

- Play your POSITION
- Do NOT come into our corners
- Cover their Point's
- Stay in OUR zone until we are moving North
- Move the puck NORTH at all times
- Forecheck in their end
- Move the puck towards their net when in their zone
- BackCheck
- Change promptly - 'Tired' Hockey Players are Worthless....!

CENTERS:

- "Talk - Talk - Talk" on the ICE
(who cares if the other team can hear us....!)
- Help the Defense get the puck out of our Zone
- Don't get 'caught' deep in their zone

Notice that the WINGERS have the most 'Disciplines' (above).....

Solid 'winger' performance (discipline) is vital to the success of a Hockey Team!
